1. The attached experience log may be reproduced as needed to include all experience credit points required for the certification type for which you are applying. Each page must be numbered, dated, and signed.
  2. Appraisals must be listed in order of year completed.
  3. Each line must include a complete listing of all fields, which are defined in the accompanying instruction and information bulletin.
  5. Appraisals not falling under experience categories identified in the information bulletin should be listed on the "Request for Review of Special Properties" form.
  6. PLEASE NOTE: Only 100 points of residential experience may be applied toward the total point requirement for General certification; no general experience will be accepted for Residential certification.
